

# Lars Evald Andersen

Senior Software Developer · Allingåbro, Denmark

evaldnet@gmail.com · +45 42 59 90 98 · github.com/evaldnet · linkedin.com/in/evaldnet

---

## PROFILE

---

Senior software developer with 17 years of professional experience and over 23 years of building software, spanning the Microsoft enterprise stack, the LAMP world, and modern web tooling. A consistent thread across every role has been **optimization and modernization** — query tuning, page-speed work, server migrations, and refactoring legacy systems toward modern standards while keeping production stable. Danish vocational-trained practitioner, MySQL DBA-certified, with formal sysadmin background that informs how I approach infrastructure.

## SELECTED SKILLS

---

### Backend & languages

PHP (current daily driver) · C# · .NET · ASP.NET · Classic ASP · Ruby on Rails · Python · F# (personal) · Bash · some assembly

### Databases (production work in three SQL dialects)

MySQL (DBA-certified) · Microsoft SQL Server (Transact-SQL) · PostgreSQL · LINQ to SQL · Database design

### Front-end

HTML5 · CSS / SCSS · JavaScript · jQuery · AJAX · XML / XSLT · JSON · React · Vue · ES6 modules

### Infrastructure & DevOps

Linux (Ubuntu, Debian, CentOS) · Apache · Nginx · Docker · AWS · Git / GitLab · Linux system administration

### Microsoft enterprise stack

.NET · LINQ · Visual Studio · WCF · IIS · IIS Smooth Streaming · WMDRM 10 · PlayReady DRM · SOAP

### CMS & integrations

WordPress (custom plugin development) · WooCommerce · Drupal · e-economic · Dinero · RabbitMQ

### LinkedIn Skill Assessments passed

PHP · WordPress · MySQL · Linux · Git · Backend-webudvikling

## PROFESSIONAL EXPERIENCE

---

### Software Developer · Mobilplan

Sep 2021 – present · In-house product · Multi-tenant Danish workforce management platform serving 200+ customers

- **Owned the e-economic accounting integration** end-to-end, building on prior Danish ERP/accounting integration experience from before joining the company.
- **Led major modernization tracks:** PHP 8.4 + Rector upgrade, MySQLWrapper PSR-4 v2 refactor, PDO wrapper, PHPUnit → Pest test framework migration, permissions refactor, display module consolidation.
- **Drove a long-running customer migration** from heavy customizations back to the standard product — coordinating core feature additions with customer-side override removals.
- **Built shared developer tooling and conventions** for the team — codebase guidelines, review templates, workflow scripts, AI-assisted development integration.
- Modernization work delivered alongside steady support throughput; refactor-to-fix ratio in commit history runs higher than typical for a senior IC.

### Web Developer (Consultant) · Karlog-IT ApS

May 2020 – Jul 2021 · Consultancy · WordPress plugins, integrations, and JavaScript for client engagements

- Built **MIQID-Core / MIQID-Elementor / MIQID-Woo** — three-plugin suite bridging WordPress, Elementor, and WooCommerce with the MIQID.com platform.
- **WordPress plugins syncing orders with Dinero and e-economic** — integration with the two major Danish accounting/ERP systems.
- ES6 custom JavaScript, RabbitMQ service updates, ReactNative (Expo) mobile app maintenance.

## System Developer · Deltaplan ApS

Aug 2018 – Apr 2020 · In-house product

- Custom PHP modules and matching ES6 frontend modules for the Deltaplan platform.

## System Administrator · SiteVision ApS

Jan 2017 – Jul 2018 · Promoted from System Developer to manage server infrastructure

- Server management across Windows, Linux, and FreeBSD.
- WLAN network management and backup scripting.
- LinkedIn skills tagged for this role: Optimering, Netværksinfrastruktur, Databaser, Databasedesign, Systemeffektivitet, **Systemarkitektur**, Ubuntu.

## System Developer · SiteVision ApS

May 2009 – Dec 2016 · Consultancy · Client projects across e-commerce, news/content, streaming/DRM, and comparison engines

- C# webshops with LINQ to SQL — country/language-based, SEO and cache optimized.
- WordPress setup, plugin development, and news synchronization.
- Classic ASP maintenance on legacy systems.
- Custom JavaScript solutions tied to project requirements.

## Sales / First Assistant (Part-time) · Netto

Mar 2008 – Jul 2009 · Retail role overlapping with vocational education

## NOTABLE PROJECTS

---

### Mobilplan (2021 – present)

**e-conomic integration** — owned end-to-end across the platform.

**PHP 8.4 + Rector modernization** — repo-wide upgrade and code modernization.

**MySQLWrapper PSR-4 v2 and PDO wrapper** — database-layer refactors.

**PHPUnit → Pest migration** — test framework switch across the codebase.

### Karlog-IT (2020 – 2021)

**MIQID plugin suite** — three-plugin WordPress/Elementor/WooCommerce extension for the MIQID.com platform.

### SiteVision (2009 – 2018)

**Travel:** BeachTours.dk · DubaiTours.dk · TemaTours.dk · Timeoff Travel (custom-built booking system)

**E-commerce in C#:** Hurray.no · Hurray.se · SendEnTanke.dk · Billigvoks.dk — country/language-based webshops with SEO and cache optimization

**News / content:** Kendte.dk · Newsbreak.dk (Drupal → WordPress migration with live news import)

### Enterprise streaming, VOD and DRM:

**MoveeBox** — IIS Smooth Streaming, MMS Streaming, Microsoft WMDRM 10, PlayReady DRM. Web player/shop and settop-box integration.

**FIDD** — VOD system on Windows Communication Foundation and Adobe Flash Media Service. Multiple whitelabel deployments.

**Comparison engine:** Telepristjek.dk — cellphone plan comparison with a complex statistics and live calculation engine in Transact-SQL.

**Server / infrastructure:** Lionive.com / Lionivepartners.com — server migration, Nginx setup, theme rework.

## EDUCATION

---

2008 – 2009 **Roskilde Tekniske Skole** — Web-integrator (Danish vocational program / EUD)

2008 **Aalborg Tekniske Skole** — IT-supporter foundation

2004 – 2005 **Den Jyske Håndværkerskole** — Electrician foundation

2001 – 2003 **Tjele Efterskole** — 9th and 10th grade (Danish residential equivalent of folkeskole)

2000 – 2001 **Efterskolen Billeshave** — 8th grade

## CERTIFICATIONS

---

**MySQL Database Administrator** — DBA-certified

LinkedIn Skill Assessments passed — PHP, WordPress, MySQL, Linux, Git, Backend-webudvikling

## LANGUAGES

---

**Danish** — native (read, write, speak)

**English** — fluent (read, write, speak)

## INTERESTS

---

Self-hosted infrastructure, smart home automation, language paradigms (functional programming as a side curiosity), and developer tooling that scales beyond the individual.
